

Report 2021

Dutyman continues to work well; it manages the email reminders to those with duties and they can confirm the duty or arrange a swap; it is easy to use and it is important members do this; it saves the Sailing Secretary having to make multiple phone calls to check duties will be done. It is not limited to sailing duties but can be used for any duties.

A report of each race entry, series results, summaries and other items are on the website (<http://www.sailaquarius.org.uk/homenew/raceresults.html>) Race Results page and in the Race Results folder that is normally kept in the book case. The Entries All Races report (raceentries.pdf) includes actual and corrected times per lap for Boat and Personal Handicap for all races. Archived race results back to year 2000 are on the website.

I aim to produce accurate race results; this needs the helm, crew and sail number of the boats to be accurate for accurate analysis including boat usage; this is impossible when any or sometimes all three are wrong and it wastes a lot of time. With Lasers the handicap for a Radial rig is different; the race sheet usually doesn't indicate it is Radial. It is important for all boats to have a sail number; a single digit will do, there may be a usual number for a boat, the club Bosun is 1 and the club Laser Radial sail without a number is R9. The Officers may not know the crew members or the boat so it is important that members sign on with helm, crew and sail number; last name is important. You may not get a result if you don't sign on and if there is no crew specified when you have one your handicap will be worse.

Unfortunately, I have become very error prone; many thanks to Graham Thompson who creates alternative results using a spread sheet which ensures my errors, mainly in PH, are detected and corrected. Graham also helped in the preparation the end of season results for prize giving. I thank all our duty officers for their reliable support; without them we couldn't race. In particular I would like to thank Di Howley for helping with the tea and cakes.

Richard Cannon, Sailing Secretary

2021 Ranking

As usual all trophies are for the PH series results, except the Broken Boom which is for the overall best Boat Handicap result (decided by the highest Rank Points for Boat Handicap).

The Laser and Bosun series, which use results from other series, are excluded so a boat doesn't have 2 results for one race. The race series match those of 2019, there was no sailing in 2020 due to Covid, and the same trophies have been awarded. All who had a 1st, 2nd, or 3rd for Boat Handicap or Personal Handicap result in a main series have been included in the ranking; the fun series are excluded. 22 members helmed and 15 crewed; 7 only did 1 or 2 races. There are 15 Trophies,

If a helm capsizes or has any other incident, event or breakage would they please make sure it is recorded on the race sheet so it can be included in the result records; this is needed to help allocate the Water Rat Trophy.

RANKING POINTS

The following table lists the places of helms that were in the first three for Boat Handicap or Personal Handicap in any series, except the Bosun, Laser, Easter, Regatta, Fun and Training Fun Cruising series. One point is given for each 3rd, two points for each 2nd and 3 points for each 1st place. Ranking is according to the total number of points obtained; rank gives an indication of overall performance including BH and PH results. If there is a place tie in a series the tie will be broken using the Racing Rules of Sailing 2021-2024 rule A8. **Bold large font** indicates that a tie break was used.

CUNDY TROPHY RACE

Unusually on 22 August there was a steady and consistent WNW 2 gust 3 wind. The Cundy Trophy long distance is usually sailed when there is an Easterly wind but as sailing was good it was run concurrent with the Summer 10 race. The up stream mark was dropped ahead of the lead boat 20 minutes into the race at Rivermead Island at Sunbury. Graham Thompson was 1st on PH (and BH) so won the Cundy Trophy. It was a very enjoyable race.

Racing Rules of Sailing 2020-2024

Appendix A8 SERIES TIES

A8.1 If there is a series-score tie between two or more boats, each boat's race scores shall be listed in order of best to worst, and at the first point(s) where there is a difference the tie shall be broken in favour of the boat(s) with the best score(s). No excluded scores shall be used.

A8.2 If a tie remains between two or more boats, they shall be ranked in order of their scores in the last race. Any remaining ties shall be broken by using the tied boats' scores in the next-to-last race and so on until all ties are broken. These scores shall be used even if some of them are excluded scores.
